Power Liftgate with Memory Seating

The 2.0L turbocharged four-cylinder engine combines responsive performance with reasonable fuel efficiency, delivering 22 city and 27 highway miles per gallon through an eight-speed automatic transmission with all-wheel drive. This powertrain ensures confident handling across varied driving conditions while maintaining an efficient operational cost.

Inside, the cabin reflects genuine luxury through carefully selected materials and thoughtful design. Heated and cooled front performance seats, a Meridian premium audio system, and automatic climate control establish an environment of comfort for driver and passengers alike. The power moonroof floods the cabin with natural light, while the heads-up display keeps critical information within your line of sight.

Technology integration remains seamless through Pivi Pro navigation and smartphone connectivity via Apple CarPlay and Android Auto, ensuring you maintain access to your preferred navigation, communication, and entertainment applications. Advanced safety features include a comprehensive airbag system, electronic stability control, and an emergency communication system designed for added security.

The R-Dynamic S designation reflects purposeful exterior styling and dynamic driving characteristics. Available wheel options, body-color bumpers, and distinctive LED lighting treatments present a vehicle that commands attention while maintaining sophisticated restraint.

We invite you to visit our showroom to experience this F-PACE firsthand and discover why this model represents an intelligent choice for drivers seeking luxury, capability, and refined driving dynamics.
